

THANKING YOUR DONORS FOR **SUPPORT**

Nothing is more important than taking the time to send a personal note to thank your donors. Make the note as heartfelt as you can.

Dear XX,

Thank you SO MUCH for your donation in support of my fundraising efforts. During these uncertain times, your donation is more impactful than ever. It is an honor to participate in the 'Don't Get Left Behind Challenge' and to raise critical funds for early detection screening. Totals keep rising! I am very proud that I am able to help out in this small way. This fall, I set the goal of riding 45 miles over the course of 2 months. I have felt the presence of my supporters with every pedal. Sometimes I feel like quitting, but quitting is not an option because cancer doesn't quit! Thank you again for your continued support.

Sincerely, XX

Don't forget to also post your thank you messages on social media for your friends and family who have been following along.
